We HIGHLY recommend that you bring a CB radio! Safety issues regarding upcoming obstacles are transmitted over the CB radio by your trail guides. Other important items to consider bringing are: drinking water, trail snacks, chair or blanket for lunch stops, camera/video camera, binoculars, insect repellent, sun block, hat, hiking boots, toiletries & medications, toilet paper and zip-lock

bags for tissue disposal, hand sanitizer, rain jacket and warm clothing.

TRAIL USAGE AND INFORMATION

WATER CROSSINGS

We may have water crossings and water holes; many of these crossings and holes offer a bypass if you decide to “go around”. It is very **IMPORTANT** to watch and listen to your trail guide. Please be sure your air intake is disconnected. Your trail guide can help you with this if needed. When driving in deep water, **GO VERY SLOW!** If your engine gets wet and stalls, **DO NOT** try to start it as you may cause serious engine damage. After the Jamboree, please be sure to reconnect your air intake. For additional tips on water crossings, please refer to your copy of “Mark A. Smith’s Guide to Safe, Common Sense Off-Road Driving”.

A NOTE ON LAND USAGE

Many Jeep Jamboree USA events are held on private lands with the consent of landowners, or on public lands through special use permits. In some cases, Jamboree trail groups are granted access to trail areas, which are closed to all other vehicular access during the year. Please be aware that access to these trail areas is allowed only by guided JJUSA groups during the scheduled Friday and Saturday trail rides. Individual Jamboree guests returning later to drive in these areas on their own do so in violation of JJUSA’s land use agreements and endanger future Jamboree usage of these restricted trails as well as being removed from the Jamboree without a refund. Thank you for your cooperation in assuring Jamboree access to some of America’s most spectacular backcountry.

PLEASE TREAD LIGHTLY!

Travel responsibly on designated roads and trails or in permitted areas.

Respect the rights of others including private property owners and all recreational trail users, campers and others to allow them to enjoy their recreational activities undisturbed.

Educate yourself by obtaining travel maps and regulations from public agencies, planning for your trip, taking recreation skills classes, and knowing how to use and operate your equipment safely.

Avoid sensitive areas such as meadows, lakeshores, wetlands and streams, unless on

designated routes. This protects wildlife habitat and sensitive soils from damage.

Do your part by leaving the area better than you found it, properly disposing of waste, minimizing the use of fire, avoiding the spread of invasive species, restoring degraded areas, and joining a local enthusiast organization.

TRAIL RATING SYSTEM

Every Jamboree trail is rated from 1 (easiest) to 10 (the most difficult). These ratings are based on the overall trail, not just on one or two tough spots. Rain can increase ratings by one or two points. Please remember, all vehicles are subject to inspection prior to trail departure. Numerically higher rated Jamborees are more likely to result in vehicular damage.

1-2 Obstacles and terrain are relatively easy to navigate. In optimum weather conditions, some trails may not require continual use of four-wheel drive (4WD).

3-5 Moderately demanding. Challenge for novice drivers. Obstacles may include: mud holes, boulders, and streams. Requires 4WD with 4-LO.

6-7 Demanding. Challenge for most skill levels. Mud holes get deeper, boulders get larger, and climbs get steeper. Requires 4WD with 4-LO.

8-9 Very demanding. Likelihood of getting stuck is high. Mud holes may be deep and rock climbing is more arduous. Lifts and lockers are helpful. Requires 4WD with 4-LO.

10 Extremely demanding. Reserved for the toughest off-road trip in the U.S.A. – the Rubicon Trail. Requires 4WD with 4-LO (*Not recommended for Jeep Patriot, Compass, Liberty, Cherokee, Grand Cherokee, or Commander.*)

A complete description of the trails will be available during registration. Participants will have the opportunity to discuss the trails, their driving experience and vehicle capabilities with the trail guides during registration. Guides will work with participants for trail placement.

TRAIL DESCRIPTIONS

Avon Lodge - Rated 2-4

This trail wanders over 1,500 acres of what was once the Avon Lodge Resort. This turn of the century Catskills Boarding House grew over the decades to accommodate thousands of tourists until its demise in the late 1960's. Cornelius Stackhouse used the spring water in his "Cure All That Ails You" medicine in the late 1800's. This trail offers great scenery, challenging mud holes,

moderate rock sections, and challenging runs on a closed ski area where the lifts are still visible in the trees as you wheel up & down the hills.

Rivas Farm - Rated 3-4

This trail starts in pastures of a century old farm surrounded by huge stone walls. Trails twist through the woods where you will find mud and moderate rocks. This trail is good for the beginning Jeep or as a refresher course for those that haven't tried off roading in a while.

Parker Ridge - Rated 4-5

This trail cuts through the legendary Concord Resort Hotel, a huge resort that was the destination for thousands of vacationers from the early 1900's. The Concord closed its doors a few years back, but continues to let us use the area. The trail was once used to log hardwood trees that the resort finished in their own saw mill. Much of this trail is bordered by giant stone walls that were part of the County's "Poor Farm" where welfare recipients were required to work in the late 1800's. Winding hills, a brook crossing & washed out rocks provide for a challenging trail.

Whispering Woods - Rated 4-5

This trail winds through a huge parcel of land that was once a planned development. This trail borders the 9 mile Swinging Bridge Reservoir, which is home to many bald eagles, deer, bears and plenty of terrible terrain. Trail includes tricky hill climbs, moderate rocks, stream crossings and plenty of mud if mother nature cooperates with rain.

Bushville Road - Rated 4-6

This trail starts at the Rivas farm and wanders near the Mongaup River Valley to the former town of Bushville, whose last inhabitants moved out in the late 1930's. Challenging hill climbs, plenty of rock sections, gooey mud and if weather permits, the possibility of circling the Keifer Marsh (Swamp Loop). This will be a good opportunity for the moderate off-roader. There will be lots of challenges.

Perdue Valley - Rated 4-6

The lush Neversink River Valley near which was once known as Denistons Ford lies the Perdue Valley Trail. This 500 acre parcel winds along steep outcroppings of rock ledges with the infamous Perdue Brook, offering Jeep pilots a serious challenge. Moderate rocks, good hill climbs, plenty of gooey mud and lunch along the banks of the Neversink is what Perdue offers.

12 Step Program - Rated 6-7

12 Step wanders around the grounds of the former Capital Inn Resort that found it's fiery

demise in the 1940's. This trail runs over a large tract of land between two old mill towns. Nothing remains of this once grand resort except a huge foundation in the ground atop a hill near the former Newburgh Cochection Turnpike. Steep hills, ledges, high probability of swampy mud and the infamous 'stairs' await jeepers on this challenging trail.

White Lake Brook - Rated 6-8

This challenging trail is on the same parcel as Whispering Woods along Swinging Bridge Reservoir. This trail takes you over the Moscoe Road, which leads to the now flooded hamlet of Starlight that was sacrificed to make this electric producing body of water. Six hundred acres of wilderness allows this trail to offer a wide variety of terrain that includes some great hill climbs, river crossings, plenty of rock and plenty of mud if nature cooperates. Trail geared towards the more experienced Jeeper and guarantees great photos. At least one locker and 32" tires advised.

Hummel Hollow - Rated 6-8

Legend has it during prohibition, a small riverside grain mill, (Shady Brook Mill) doubled as a moonshine distillery that serviced many Catskill resorts with illegal "hooch". This trail offers challenges for the more experienced and equipped Jeepers with a creek crossing, hill climbs, rocks and mud.

Gilroy Hill - Rated 8-9

In the late 1800's, the Gilroy family emigrated from Ireland to the U.S. where they ended up in the Monticello area. This trail weaves through much of the land they settled along the fertile banks of the Mongaup River Valley. This trail offers the experienced Jeeper a variety of terrain, including rocks, mud, hill climbs and did we mention more rocks and more mud?

Devils Tombstone - Rated 9

Not for the faint of heart, this trail utilizes much of the land that the Avon Lodge trails use - but much worse terrain! Dried up stream beds, nasty hill climbs, technical maneuvering, seasonal mud and some of the worst rock the glaciers could have dumped along the ridge line of a steep mountain is what "the Devil" throws at you. This trail is aimed for the experienced Jeeper that wants a serious challenge on some great terrain. 33" tires, 2 lockers and 3" min. lift required. Winch highly advised.

A MESSAGE FROM YOUR TRIP COORDINATORS

The trails on the Catskills Jamboree are diverse, ranging in difficulty from 4 to 9, offering challenges for both the first time Jamboree participant to the experienced off-road driver. These trails include a mix of rocks, water holes, stream crossings, hill climbs and some of the most beautiful scenery you could ask for.

Please take the time to speak with the trail guides Thursday evening during trail signups and vehicle check-in. Our trail guides can help you decide which trail best suits your vehicle and experience level. Your guides will recommend trails to help make your trip more enjoyable and safe, while minimizing the risk of possible damage to your Jeep.

Trail signups for Friday's trails will be held Thursday evening. Friday night, from 7:30-8:00, you can make your trail selection for Saturday. While some participants may want a more difficult trail, others may choose to take it easy. Trail conditions and ratings can increase or decrease 1 to 2 points depending on the weather.

Whatever the weather, the Catskill Mountains Jamboree offers some of the most enjoyable, scenic and challenging trails on the east coast!

FREQUENTLY ASKED QUESTIONS

WHO CAN I BRING?

Whoever you want! As long as they each have a required seat belt in your Jeep 4x4 and have completed registration, waiver and payment. Bringing pets is **strongly** discouraged. If your pet must attend, be sure to contact the Jeep Jamboree USA office for specific requirements.

WHERE DO I SLEEP ON A JEEP JAMBOREE?

Participants are responsible for arranging their own lodging. Included in this itinerary is a list of nearby accommodations. Be sure to mention you're attending a Jeep Jamboree when making your reservation.

WHAT DOES THE JAMBOREE COVER?

Lodging is not included with your registration fee. Your fee covers all necessary permits, experienced guides for the entire trip, breakfast, lunch and dinner on Friday and Saturday and a trip plaque.

NOTE: Meals vary. Regretfully, no accommodations can be made for dietary restrictions. Your Jeep Jamboree will offer you access to some of the finest trails in America — several of which are only available through this program. Each Jamboree also features a giveaway for chances to win great prizes. Sorry, no partial trips are offered and no spectators are allowed. All participants must be officially registered. Due to popular request by our participants, plaques will once again be included as part of your registration packet.

CAN I BRING MY JEEP LIBERTY, CHEROKEE, COMPASS, PATRIOT, GRAND CHEROKEE, OR COMMANDER?

Of course! All new Jeep 4x4 vehicles with a 4-LO transfer case are Trail Rated® and are tested on demanding 4x4 trails. Vehicles without 4-LO may **ONLY** use trails rated 1-2. Your Jeep four-wheel-drive vehicle is required to be in good condition, with good tires, brakes, and seat belts. In addition, we require prior approval for larger Jeep 4x4s, such as Grand Wagoneers and J-Series Pickups. Jeep Jamboree USA reserves the right to refuse participation to any applicant whose vehicle exceeds size restrictions.

COULD MY VEHICLE BE DAMAGED ON A JAMBOREE?

Every effort is made by Jeep® Jamboree USA to make the trails as safe as possible. Participants are advised to closely follow the instructions given by trail guides, spotters, and Jeep Jamboree USA. However, there's the possibility of receiving damage to your vehicle.

WHAT TO EXPECT

You will travel over rough terrain. Any damage is the owner's responsibility. Remember, Jamborees with higher numerical difficulty ratings are more likely to encounter terrain that may contribute to vehicular damage. Weather conditions may also increase the trail rating difficulty.
